

ICCD-2019

The 5th International Conference on Intelligent Computing, Communication & Devices

Xi'an, China

November 22-24, 2019

Organization Committee:

General Chair

Prof. Dr. Srikanta Patnaik

International Committee Chair

Prof. Dr. Andrew W. H. Ip

Prof. Dr. Sc. Kazumi Nakamatsu

Advisory Chair

Prof. Chong Shen

Prof. Kun Zhang

Publication Chair

Prof. Dr. Vipul JAIN

Organising Chair

Prof. Dr. Xilong Qu

Prof. Dr. Jinwen Wu

Programme Chair

Dr. WU Chun Ho, Jack

Technical Program Committee

Prof. Vladicescu Popentiu, Florin, City University, UK

Prof. Junjie Lv, University of Wuhan Polytechnic, China

Prof. Yadavalli Sarma, University of Pretoria, South Africa

Dr. Liang Zong, Shaoyang University, China

Dr. Akshya Kumar Swain, The University of Auckland, New Zealand

Dr. Xilang Tang, Airforce Engineering University, China

Prof. Ma Maode, Nanyang Technological University, Singapore

Prof. Rabi Mahapatra, Texas A&M University, USA

Dr. Zbigniew Michalewicz, School of Computer Science, Australia

Dr. Rikikumar Hasmukhbhai Patel, Charotar University of Science and Technology, India

.....

The 5th International Conference on Intelligent Computing, Communication & Devices (ICCD2019) will be held during November 22-24, 2019 in Xi'an, China. The aim of the conference is to provide a platform for Academicians, Researchers, Scientists and Professionals to share their knowledge and expertise in the field of intelligent, interactive systems and applications.

ICCD-2019 will be published in **Advances in Intelligent Systems and Computing** (ISSN: 2194-5357) by **Springer-Verlag**, and it will be submitted to ISI Proceedings, EI-Compendex, DBLP, SCOPUS, Google Scholar and Springerlink. Currently, the retrieval of papers which are submitted by Springer-Verlag is normal; **Selected excellent 30 papers will be recommended for publication in EI, SCI Journal.**

Selected papers will be published in an extended form in one of the following EI or SCI journals:

1. Enterprise Information Systems (SCI/EI)
2. International Journal of Reasoning-based Intelligent Systems (EI/Scopus)
3. International Journal of Information and Communication Technology (EI/Scopus)
4. International Journal of Computational Vision and Robotics (EI/Scopus)
5. International Journal of Engineering Business Management (ESCI/Scopus)

Topics which are included, but are not limited to, are the following:

Track-1 Intelligent Computing

- Soft Computing Techniques and Engineering Applications
- Data mining and Knowledge discovery
- Recommendation System

Track-2 Next generation Communication and Networking

- Wireless Radio Technologies
- Global Telecommunication Regulations
- Network management and traffic engineering

Track-3 Intelligent Devices

- Embedded Systems
- Analog and Mixed-Signal IC Design and Testing
- Nano Devices, Single Electron and Spintronics Devices

.....

IMPORTANT DATES:

Conference Date: 2019.11.22-11.24

Submission Due: 2019.11.15

ORGANIZERS:

IRNet International Academic Communication Center

Co-organizers:

Guangdong Graphic Image Association

Guangdong Massive Biometric Information Processing Engineering Technology Research Center

Jiangmen Computer Federation

PAPER SUBMISSION

Authors are invited to submit full papers (4 to 6 pages in PDF format). Please download the template from conference website and submit full paper at <http://www.iccdconference.com>.

Selected excellent 30 papers will be recommended for publication in EI, SCI Journal.

About Xi'an, China

The Big Wild Goose Pagoda is located in the Dacien Temple of Jinchang Square (now Xi'an, Shaanxi Province) in Chang'an City, also known as the "Cien Temple Tower". As the earliest and largest Tang Dynasty square brick tower, the Big Wild Goose Pagoda is a typical form of the ancient Indian Buddhist temple, which was introduced into the Central Plains with Buddhism and integrated into the Chinese culture. It is a combination of ancient Chinese working people. The iconic building of wisdom. The new record created by Big Wild Goose Pagoda North Square: Asia's largest fountain square and the largest waterscape square with a water surface area of 20,000 square meters; it is the largest square in Asian sculpture.

Xi'an City Wall is also known as the ancient city wall of Xi'an. The Xi'an city wall in a broad sense includes the Xi'an Tangcheng Wall and the Xi'an Ming City Wall, but generally refers to the Xi'an Ming City Wall in the narrow sense. Xi'an Mingcheng Wall is located in the downtown area of Xi'an, Shaanxi Province. It is a national AAAA-level scenic spot with a wall height of 12 meters, a top width of 12-14 meters and a bottom width of 15-18 meters. The outline is a closed rectangle with a circumference of 13.74 kilometers. People in the city walls are used to call the ancient city, covering an area of 11.32 square kilometers. The famous Xi'an Bell and Drum Tower is located in the ancient city.
